

WE DO EVERYTHING FROM:

ZIONISM TO ALYAH

HERUT

A Zionist movement inspired by the teachings of the Liberal-Zionist leader Ze'ev Jabotinsky,

is dedicated to social justice, Jewish unity and the territorial integrity of the land of Israel;

is an educational movement which fosters national pride, activist Zionism and love of Israel in our communities throughout the world;

encourages members to assume an active role in Israel's future, in the struggle to assert our national sovereignty in the land of Israel, and the ingathering of the people of Israel in our eternal homeland;

works with and for **ALL Jews**, regardless of affiliation, for the common good.

HERUT IS NOT ANOTHER CAREER-ZIONIST ORGANIZATION

All our members are volunteers;
All our funding goes directly toward activities

Volunteer Internship Programs: Ours is one of the few organizations that provide volunteer internship opportunities in Israel for college students and young adults. We match up leading Israeli companies to individual internship preferences. This program offers great opportunity to observe and experience the job market in Israel.

Aliyah Advice and Assistance Program: Our hands-on program helps new olim (immigrants) navigate the Israeli absorption process. We "show them the ropes," help write Hebrew resumes, accompany them to government offices, inform them of immigrant entitlements, opportunities in higher education, Ulpan, army service and medical plans.

Educational Trips to Israel: We run trips for young adults to experience Israel and become immersed in its culture and history, strengthening their Jewish Zionist identity.

Leadership Training Programs: Herut trains idealistic volunteers who identify with the objectives of the Movement to assume leadership roles in the American Jewish community and in Israel.

High-Risk Jewish Communities: Herut initiates and participates in evacuation operations for Jews in imminent danger in high-risk countries. Most of these cannot be publicized. It is well known, however, that Herut was instrumental in rescuing two Jewish families from Raida, Yemen.
