**Personal statement**

We have two pressing issues. First is the passage a formal document from Congress that assures Hawaiians of self-determination and the right to negotiate for reparations. Second, determining the process to be used to define and identify Hawaiians who will be eligible to participate in the self-governance process. I believe that a comprehensive education campaign on this process is crucial. Unless Hawaiians can clearly understand what is being done on their behalf they will not support it. BRINGING HAWAIIANS TOGETHER TO DISCUSS ISSUES THAT ARE CLOSE TO THEIR HEART IS A START IN THE RIGHT DIRECTION
