Personal statement

My position is to educate our people on the validity and facts of truth on what is a Kingdom, Government, and a Corporation. The whole essence of being a delegate is to provide freedoms to our people that exist spiritually, culturally, traditionally whether domestic and international with constitutions that protect a wide range of Hawaii's uniqueness. The Government needs to protect it's people by upholding the Supreme laws of the land, not by violating the these same laws with the expectation of the people remaining compliant. My specific kuleana is educating people on traditional, spiritual, and cultural protocols that protect sacred sites and practitioners.
