### **Personal statement**

This is an amazing opportunity for our people to take the helm and really chart our course for the future. We need delegates who will represent, advocate, and you can count on to be the voice for our la hui and not just the select few. I believe we CAN come together and start growing what will be known as some of the greatest turning points in history. I would like nothing more than to be part of that change and to humbly serve as a representative to ensure our future needs will be met and that our culture will continue to thrive.
