Personal statement

I believe the delegates must 1) Come to a Consensus on the History of Hawaii 2) Establish a "Hawaiian Authority" much like the Palestinian Authority with a Secretary General, A General Assembly and a Secretariat which shall be the Nation in Waiting 3) Under a Compact with the State of Hawaii establish a Court of Hawaiian Affairs where any person can bring grievances without bar by statute of limitations, laches, standing, mootness, or other doctrines as to past and present grievances of any legal nature as to which the Courts of Hawaiian Affairs are free to choose Kingdom Law, Common Law, International Law to resolve and compile such claims. the Hawaiian Authority would, for a period of fifteen years,

serve as a transition to a nation-state, recovering governmental powers over that period, negotiating reparations claims with the United States and State of Hawaii, entering into compacts or agreements with other nations, as well as becoming signatories to international treaties as to Human Rights, political rights, self-determination. During this 15 year period claims will be compiled and a massive study will be undertaken as to best arrangements for governance.
