none

Personal statement

I am of the last generation to hear the stories from our kupuna about those who stood up against the overthrow of our Kingdom & "illegal" annexation to the U.S., such as my great-grand aunt & uncle Emma & Joseph Nawahi. We were raised by our extended `ohana during blackout nights as Hawai`i was militarized following Pearl Harbor. We experienced the civil rights movement and the Indian occupations. We did our homework, studied our history, and lived the disparities of health and welfare. Some of us knew that we could make a difference as Native Hawaiians, as our grandparents & parents had prayed & prepared us for. We identified with the lands of our birth, the ahupua`a where we lived & our mo`oku`auhau. I was part of the first landing on Kaho`olawe's shores, with George Helm. ALOHA

`AINA became our theme & motivation to stop bombing the island, as it was with the 1890's Hui Aloha Aina Patriotic League to reseal Lili`uokalani back on her throne. It's time to "uku pau" what we started: the return of Kaho`olawe to a recognized Native Hawaiian Governing Entity. As a family health physician on Molokai I want to successfully improve upon the health of our lahui -people and nation. Aloha

none

Personal statement

I have been serving my community all my life and I am dedicated to doing whatever I can to help preserve, protect, enrich and perpetuate the lives of our indigenous and non indigenous peoples of Hawaii nei. I have done much volunteer work on several boards and commissions at the county, state, federal and non government agency levels. I believe I possess the intelligence and communicative skills to engage in the anticipated intense discussions about governance. I am a process person and am committed to participating in or leading discussions to achieve set goals and believe my life experiences have prepared me for this very important and monumental time in history for our people. I am ready, dedicated and committed to these life changing discussions and actions. I believe I represent the vast numbers of grassroots makaainana, practitioners whom feel their voices have not been heard. If chosen as a delegate, I promise to adamantly deliver those voices of concern to the governance discussions and I promise to perform to the very best of my abilities to make the very best decisions for makaainana and all our local people.
